1. Write your reflection on your progress in lesson

In this session, I learnt about the instructional and Behavioural objectives, needs and importance of behavioural Objectives.

2. Identify & reflect on your success and challenge in the lesson

I understood why instructional objective is important for teaching a lesson. understanding need and importance of behavioural objective is a challenge.

3. Reflect on what has been achieved in the lesson & Where future efforts and supports focusing in the next session

In teaching instruction takes place a very important role. In future, instructing the students and to know the behaviour of the students, behavioural objective is required.

4. Write about your thoughts & Feelings about the learning in the class.

I learnt how to identify the behaviour of the students to instruct the students.

5. Raise your doubts, questions and issues if any.

No doubts.
